

The Cayman Islands National Insurance Company invites applications from suitably qualified Caymanians or legal residents for the position of:

MEDICAL CASE COORDINATOR
SALARY: CI\$62,000 - \$74,000 PER ANNUM

Reporting to the Medical Case Manager, the post holder is required to provide case coordination for members locally as well as overseas. This will include, but is not limited to:

- Coordination of medical services for members' medical interaction both locally and overseas
- Review and manage inpatient and outpatient care along with discharge planning
- Regular, pre-determined on-call shifts will be required during weekends, public holidays and after hours
- Coordination of air ambulance transfers
- The post-holder will also undertake additional duties as required by the Medical Case Manager

Applicants should have minimum qualifications of a Registered Nurse with two years' experience. Clinical experience required in order to understand and interpret medical records, physician notes and multidisciplinary team input to determine appropriate care. Excellent customer services skills and telephone etiquette required. Applicants must have a high level of computer literacy, with proficiency in Microsoft Excel and Word. Experience within the Insurance Industry is a definite asset.

Salary will commensurate with experience. Pension and health care benefits will be provided as required by law.
